

Your new 'The Industry Business Hub' website

The Industry Business Hub now has a website that all tenants can use to advertise their business or space(s) for rent. This is a FREE service for all tenants and will be regularly updated.

It is hoped this will help tenants collaborate as well as promote their businesses. A secondary objective is to create a profile of the building so it attracts great tenants.

Each tenant will have their own page including logo, name, photos, copy and a contact button. If you'd like to be part of this, simply create your content to the specifications below and email it to us.

What you need to supply

Content

1. Logo
2. Company name
3. Copy
4. Images (max 5)
5. Contact Us - URL or Email
